Celebrating 120 Years

Crafted for Coffee Lovers

Our story began in 1906 with a small tabletop and coffee shop on Bank Street in Ottawa. Four generations later, we're still family-owned and passionately committed to our business.

At **McIntosh Mugs**, we believe that the best things in life are simple. That's why our fine bone china mugs are designed to be functional and beautiful, durable, yet lightweight and built to withstand daily use.

Whether your customers are coffee connoisseurs or tea aficionados, we invite you to explore our selection and experience the difference that a McIntosh mug can make.

Van Gogh coffee mugs - stunning! — Picked up my new Van Gogh design coffee mugs today and I am delighted. The colors are even more vibrant and beautiful than I expected. Even the boxes they came in (I got 6 in total) are lovely and all packed so carefully. Color me Van Gogh happy!

Gift hit the spot!—I ordered this gift set for my mum for Mother's Day. My parents are British and very particular about their tea and coffee cups. Bone china, don't you know... loved the size, shape and design of the cups. It keeps her coffee perfectly hot to the last drop. My dad promptly grabbed the second one for himself.

This mug is a gift for someone I'll see in September. It will be a beautiful reminder of our meeting and I'm sure she will enjoy using it as it is lovely shaped, fine and greatly decorated.
